## **Noblis President and CEO Named as a 2011 Tech Titan by *The Washingtonian* Magazine**

**FALLS CHURCH, Va.**—May 8, 2011—Amr ElSawy, President and CEO of Noblis, a leading provider of science, technology, and strategy services to the federal government, has been selected as a technology leader by *The Washingtonian* Magazine. The magazine's annual "[Tech Titans](#)" list recognizes the Washington, DC area's top 100 technology leaders and honors them for helping make this region grow.

*Washingtonian's* Tech Titans, selected through extensive interviews with local entrepreneurs, investors, political and government officials, and corporate and community leaders, are chosen for having a successful track record in the tech world and demonstrating influential leadership and vision.

Since 2007, Mr. ElSawy has been Noblis' President and Chief Executive Officer and a member of Noblis' Board of Trustees. Under his leadership, Noblis has been recognized three times as one of the "[World's Most Ethical Companies](#)" by the [Ethisphere Institute](#), twice as one of the [Best Small and Medium Workplaces](#) by the [Great Place to Work Institute](#) and received the [National Capital Business Ethics Award](#).

As an innovator and catalyst for environmental change in industry and the community, Mr. ElSawy has received an EcoCEO award from [SmartCEO](#) and led Noblis' emergence as the leading provider of [green tools and technologies](#) for the General Services Administration (GSA). He also guided the Noblis team in their [award-winning Grand Challenge entry](#) in the [Institute of Electrical and Electronics Engineers \(IEEE\) 2010 Visual Analytics Science and Technology \(VAST\) Challenge](#).

Noblis provides expert technical and advisory services in systems engineering, science and technology, program management, and acquisition services to government. We work in essential areas, such as national security, transportation, healthcare, environmental sustainability, and enterprise services, to solve complex scientific, systems, process, and infrastructure problems in ways that benefit the public. We are honored to support programs with critical national responsibility in the Department of Homeland Security, Federal Aviation Administration, Centers for Medicare & Medicaid Services, Department of Labor, National Oceanic and Atmospheric Administration, and the Department of Defense to name a few.
